MEMORANDUM FOR THE RECORD

Morning Meeting of 17 February 1966

DDCI was in the chair. DCI was out of town.

DD/I noted and tabled a copy of a recent DIA newspaper advertisement seeking recruits.

DD/I noted completion of a memo assessing the recent articles by NVN Party leader Le Duc Tho. The memo will be disseminated outside the Agency.

25X1

Kent noted receipt of a letter from [REDACTED] of DIA.

25X1

[REDACTED] will retire soon and is seeking a position with the Agency. This led to a discussion of similar requests from retiring military officers. Executive Director pointed to the need to speak frankly and bluntly to these officers when they undertake to seek employment from us. The prospects that we can hire them are quite dim. DDCI concurred with this and asked that all such requests be responded to frankly and promptly.

DD/S noted the Agency's interest in obtaining some of the property owned by the Bureau of Public Roads near the Headquarters building. We have written to GSA about our interest and now appear to have the principal claim for perhaps as much as two hundred acres in the event they become available. Executive Director noted that the Federal Highway Administrator indicated recently that the BPR is not likely to make the property available.

DD/S reported that response to Agency recruitment ads which attribute the need to the Agency specifically draw a greater quantity of responses than those which do not attribute the need to the Agency. The responses are under analysis to determine whether the quality of those responding is commensurate with the quantity.

DDCI noted commendatory statements made by McGeorge Bundy recently concerning Bundy's admiration for the Agency's personnel policy. DDCI said he had explained to Bundy the unique Agency requirements for select personnel. DDCI urged that the Agency's personnel activities continue to function well.

Acting DD/P noted that an Agency officer, a JOT, at an exposed site in Laos is holding out with Meos under attack by enemy forces. The officer has burned his records. The beleaguered group is being supported by friendly jet strikes.

Acting DD/P noted that Ambassador Lodge is a bit unhappy about the manner in which the appointment of John Hart as Chief of Station, Saigon was handled.

DDCI noted that he would be making the closing address to the Midcareer Course tomorrow and would be addressing himself to the status of morale in the Agency which is contrary to that reflected by recent press articles.

DDCI noted that the Agency has now touched base with Senator Russell, Representative Mahon, and the White House on the question of surfacing the Hungarian defector. Only the State Department remains.
